

International Virtual Conference on Electrical Energy Systems (ICEES 2021)

Renewable Energy Lab (REL), College of Engineering, Prince Sultan University is organizing International Virtual Conference on **Electrical Energy Systems (ICEES 2021)** on February 11-13, 2021 as a partner Institution. SSN College of Engineering, Chennai, India is hosting this conference. The Virtual Conference is a platform for researchers, academicians as well as professionals from all over the world to present, discuss and promote the knowledge, research and practice in the field of Power Electronics, Smart Grid, Renewable Energy Sources, Energy Storage, and Electric Vehicle Charging. ICEES 2021 is offering a fantastic opportunity to attend a global scientific forum from the convenience of your desktop. The conference is online, from paper submission, including reviewing, conference discussion, and post-conference processing. All papers will be referred to the double tier approval process, single-blind peer-review, and regular check. The online conference is a smart and affordable manner of presenting research results.

Selected papers will be published in IEEE Xplore at the discretion of IEEE.

SCOPE OF THE CONFERENCE

The Seventh International Conference on Electrical Energy Systems - 2021 (ICEES-2021) is the premier interdisciplinary platform to deliver the latest developments and innovative research results in electrical energy systems for all professionals, researchers and engineers from all over the world. This conference aims to foster interaction in the area of electrical energy systems with a specific focus to smart grid, embedded systems, renewable energy and its applications among scientists from both academia and industry. The conference includes keynote address and invited talks by eminent speakers and presentations by participants. We sincerely hope that ICEES - 2021 provide the global platform for meeting researchers, widen professional contact and create new opportunities, including establishing new collaborations.
